

SECTION: TRANSPORTATION

SUBJECT: EQUIPMENT USE

Original Resolution No: 00-10-33
Revision Resolution No.: 04-03-22

Private Use of Equipment and Applicable Rates

It is the policy of the County of Warner that County land owners may request equipment related services for personal use at stipulated hourly rates for the equipment and manpower utilized.

Guidelines

1. Individual land owners may request the use of county owned equipment, such as a road grader, when the machinery is in close vicinity to the proposed project. Work which may be conducted includes upgrading or constructing of private lanes, maintenance of roadways, snow ploughing, or other small construction projects located within the boundaries of the County of Warner No. 5.
2. Individual land owners will be charged government rate for the use of the equipment for these projects. The first fifteen (15) minutes of work will be at no charge.
3. Individual land owners may request the use of County owned equipment such as the track loader, hi-hoe, dozers, graders, etc. for farm yard cleanup purposes. The cost of this work will be invoiced to the land owner at the County of Warner Internal Rates which allows for the recovery of labour, fuel and oil costs. (See Policy 320.60)
4. The delivery of the service will be the responsibility of the Public Works Department and may be approved based on the Superintendent's discretion as to whether the project is reasonable and appropriate.
5. Each land owner shall be required to sign a "Hold Harmless Agreement" before any county owned equipment can perform any services on the land owner's property.
